INTRODUCE	Motivated cybersecurity student with focused expertise in Digital Forensics and web security. Demonstrated aptitude through academic achievements, published research, and hands-on experience in military CERT environment. Eager to contribute fresh perspectives and technical skills to cybersecurity initiatives.		
ACTIVITIES	- CUHA: Cheongju Univ. Hacking Club (cuha.cju.ac.kr) - TeamH4C: CTF Team (teamh4c.com)	Mar. 2023 ~ present Dec. 2023 ~ present	
WORK EXPERIENCE	- ROKN, Jinhae-Base Naval Command CERT	Apr. 2021 ~ Dec. 2022	
EDUCATION	- Cheongju University, Digital Security (grade: 4.1/4.5) - KITRI, Best of the Best 12th Digital Forensics Track (Grand Prix 2th)	Mar. 2020 ~ Feb. 2026 (Expected) Jul. 2023 ~ Mar. 2024	
AWARDS	- Military Open-Source Hackathon 2021 2 nd (Minister of National Defense's Award) - KDFS Challenge 2023 (Student Track) 1 st (Coast Guard Commissioner's Award) - KDFS Challenge 2024 (Student Track) 1 st (Police Commissioner Award) - Digital Forensics Challenge 2024 (Student Track) 1 st - ELECCON CTF 2 nd - HACKTHEON SEJONG 2024 CTF Final (Beginner) 6 th	2,000,000 KRW 1,500,000 KRW 1,500,000 KRW 2,000,000 KRW 500,000 KRW 500,000 KRW	
PAPER	- Study on the risk of database information leakage through memory analysis	Journal of the Korea Institute of Information Security & Cryptology Vol. 35 No.3	
LICENSE & CERTIFICATE	- Information Security Engineer - Linux Master lv.2 - Network Administrator lv.2	Korea Communications Agency Korea Association for ICT Promotion Information and Communication Qualification Association	

Digital Forensics & Incident Response

- Memory Analysis: Volatility, Winpmem
- Disk Forensics: FTK Imager, Autopsy, Magnet AXIOM, Belkasoft X
- Network Analysis: Wireshark, Nmap
- Malware Analysis: IDA, Ghidra

Security Testing & Penetration Testing

- Web Application Testing: Burp Suite, OWASP ZAP
- Network Penetration Testing: Metasploit, Nmap
- Active Directory Security Testing
- Network Security Systems: NAC, EPP, PMS IPS, UTM

Programming & Development

- Familiar: Python, JavaScript
- Primary: Java, C/C++
- Version Control: Git, GitHub

Infrastructure & Systems

- Linux: CentOS, Ubuntu, Kali Linux
- Windows: Server Administration, Active Directory Design & Implementation
